

HANDWRITING

At Piara Waters Primary School we teach children the "NSW Foundation Style" Font

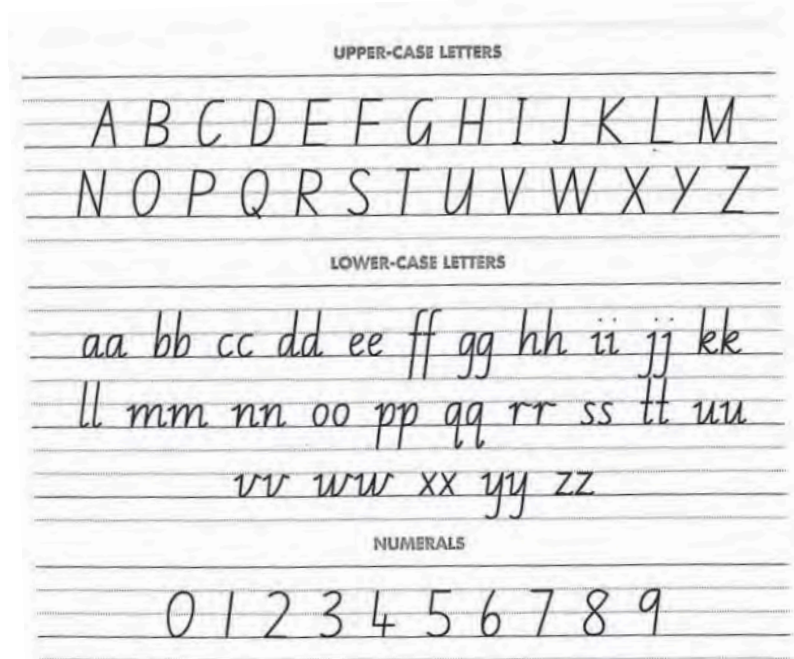

Kindergarten to Year 2 - Print Script

Year 3 - Pre-Cursive Script

Students in Year 3 will learn the pre-cursive script at the start of the year. This is a progression to the cursive script.

Year 3 - 14mm Dotted Third Books

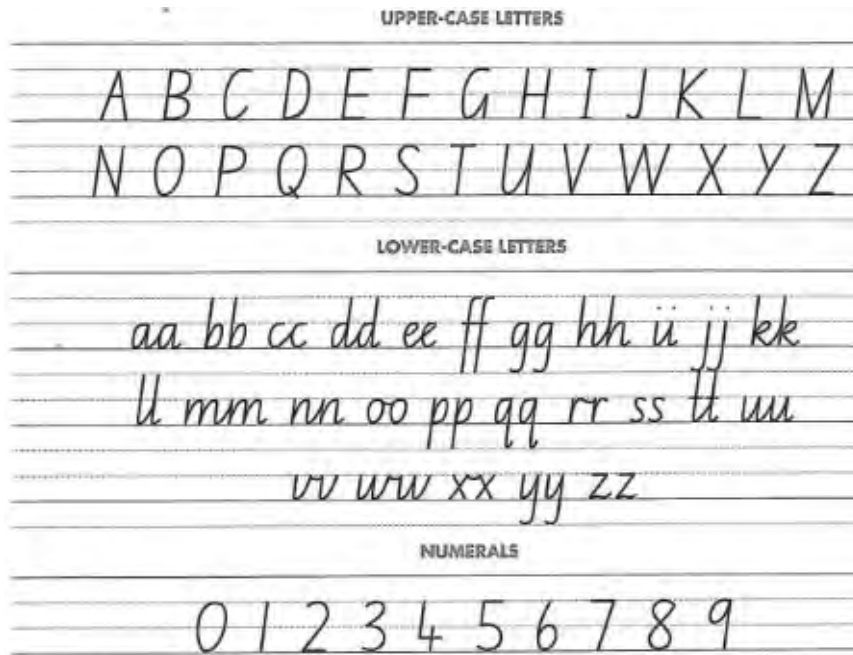

HANDWRITING

At Piara Waters Primary School we teach children the "NSW Foundation Style" Font

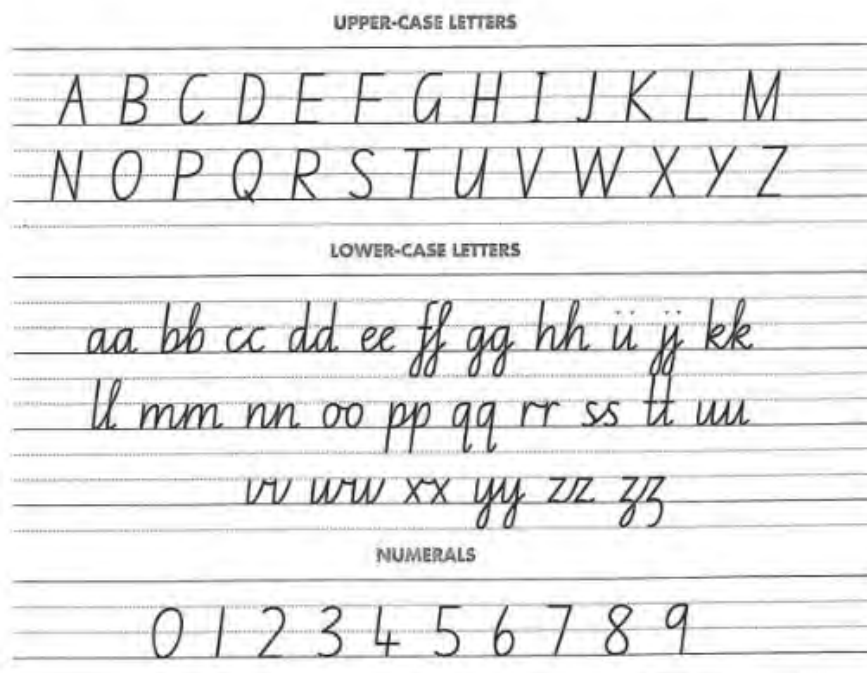

Year 3 and 4 - Cursive Script

Towards the end of Year 3, and in Year 4, students will learn the cursive script. They will learn how to join their letters.

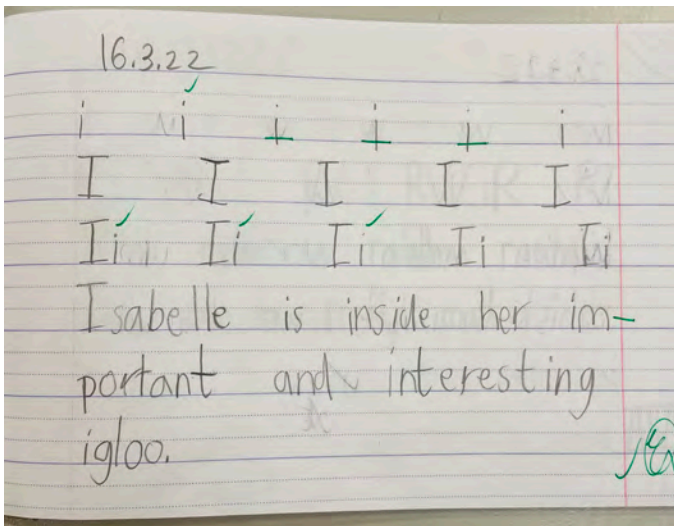

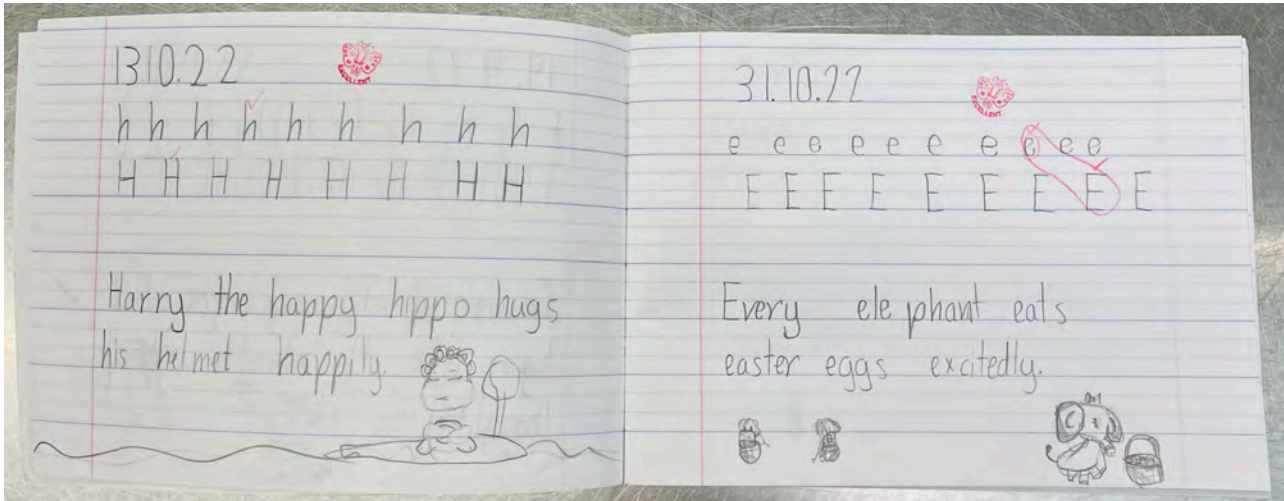

Year 5 and 6 - Speed Loops Script

In Upper Primary, when more writing is required, students may learn to use "speed loops". Speed loops allow students to write more fluently.

HANDWRITING IN THE CLASSROOM

Years 1-3 explicitly teach the correct letter formation for each letter utilising the dotted thirds in the correct size for your year level.

The Ancient Egyptians were very medically advanced, but did have some odd cures - they treated blindness by mashing up pigs' eyes, mixing it with honey and red ochre, then pouring it into the patient's ear!

The Ancient Egyptians were very medically advanced, but did have some odd cures - they treated blindness with by mashing up pigs eyes, mixing it with honey and red ochre, then ~~pour~~ pouring it into the patients ear!

Beautiful!

Year 4-6 Explicitly teach the joins required for speed loops. As students achieved their understanding of joined writing, focus on increasing speed and developing a personal writing style.
