

# School Drop Off

Some days mum drops me off at school.

Sometimes in the classroom.

Sometimes at kiss and drive.

When mum drops me off at the classroom it is sometimes hard to say goodbye.

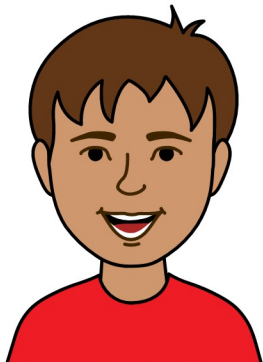

I can be brave and say goodbye to mum by giving her a big hug.

I can be brave and wave goodbye.

# School Drop Off

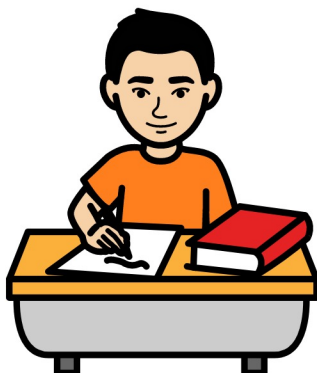

I will see mum later, she will come back and pick me up in the afternoon.

After I say goodbye to mum I can put my crunch and sip and water bottle inside the classroom.

I can get my chair and sit down at my desk.

Then I can do my mental maths or have free choice time.

When mum drops me off at Kiss and Drive it might feel different.

I can still be brave and say goodbye by giving mum a big hug in the car.

# School Drop Off

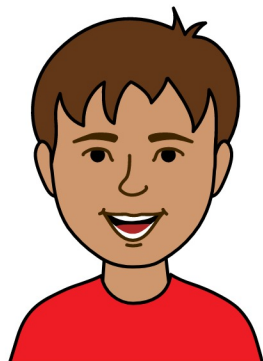

I can be brave and wave goodbye to mum when I get out of the car.

When I get out of the car I will walk to the flag grass to wait for the siren to go.

When the siren goes I can walk to class.

Saying goodbye to mum is sometimes hard, but I can be brave because she will come and pick me up after school.
